

THERMO RED PLUGS™

REUSABLE - SIMPLE - STRONG

New Product Helps Provide A Safe, Clean Work Environment During Construction.

Thermo-Red Plugs keep the HVAC system free of dust and debris. No tools are required. Simply place the Red Plug into the floor rough-in or register boot. The plug's bright red color is a constant SAFETY reminder on the job.

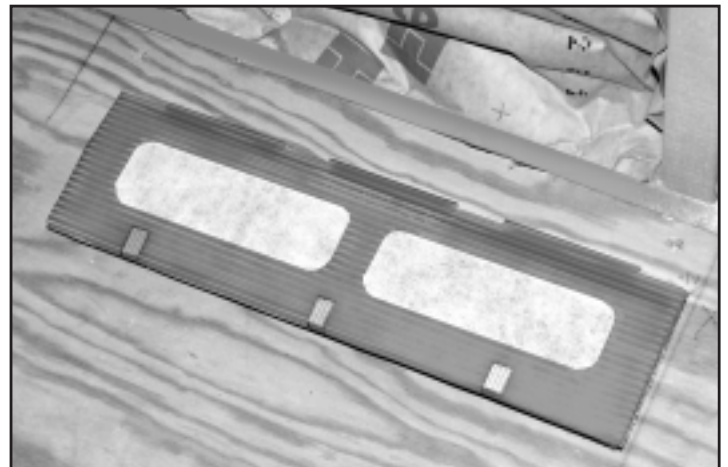

THERMO REGISTER COVER™

TEMPORARY HVAC REGISTER COVER W/FILTER

For jobs where the HVAC system will be used during construction, Thermo provides a Register Cover w/Filter. Simply place the finish register between the cover and filter and place the register into the boot. That's all there is to it!

- Keeps the register from being beat up
- Keeps dirt and debris out of the HVAC system
- Gives your job that professional edge
- A must for the contractor who cares
